

Aesthetic surgery

Face

Hair transplantation / Browlift / Upper eyelid blepharoplasty / Lower eyelid blepharoplasty
Asian blepharoplasty / Midface lift / MACS lift / High SMAS lift / Facelift and fat grafting
Facial feminization / Primary rhinoplasty / Secondary rhinoplasty / Ethnic rhinoplasty
Mouth rejuvenation / Otoplasty / Genioplasty / Necklift

Breast

Augmentation, subpectoral / Augmentation, subglandular / Augmentation, fat grafting
Gynecomastia / Mastopexy, periareolar / Mastopexy, vertical / Mastopexy, inferior vertical flap
Mastopexy, massive weight loss / Mastopexy, augmentation

Body

Brachioplasty / Abdominoplasty / Buttocks / Lower extremity / Female genital surgery
Massive weight loss procedures / Liposuction / Fat grafting

Reconstructive surgery

Breast

Internal mammary artery harvest / Lymphatic reconstruction
Reconstruction with latissimus dorsi (LD) flap
Reconstruction with perforator-based chest flaps - (TDAP, ICAP and SEAP)
Reconstruction with DIEP flap / Reconstruction with TRAM flap / Reconstruction with TUG flap
Reconstruction with SGAP flap / Reconstruction with IGAP flap
Implant based breast reconstruction / Oncoplastic breast surgery / Nipple areola reconstruction
Secondary surgery / Two-stage expander implant / Reconstruction after mastectomy

Trunk and perineal

Trapezius flap for spinal cover / Pedicled parascapular flap for thorax and axillary reconstruction
Pectoralis major advancement and turnover flaps / Omental flaps
Rectus abdominis flaps / Abdominal wall reconstruction and component separation
Superior gluteal artery perforator (SGAP) flap / Inferior gluteal artery perforator (IGAP) flap
Gracilis flap / Tensor fascia lata (TFL) flap / Anterolateral thigh (ALT) flap
Posterior thigh flap / Pressure sores / Vaginal reconstruction
Lotus petal flap / Phalloplasty / Hypospadias repair

Skin cancer

Scalp reconstruction / Forehead reconstruction / Eyelid reconstruction
Nasal reconstruction / Cheek advancement flap / Nasolabial Flap
Lip Reconstruction / Abbe and Estlander Flaps / Mohs micrographic surgery

Burns

Tangential excision of burns / Burns escharotomy / Split thickness graft for burns
Skin substitutes / Z plasty and V-Y advancement for burns / Contracture release
Release of major neck contracture / Release of upper limb contracture
Facial plastic surgery for burns / Burns of the lower extremity / Burns of the perineum and genitalia

Hand and upper extremity

Congenital

Syndactyly release / Duplicated thumb reconstruction / Correction of polydactyly
Pollicisation and reconstruction of congenital thumb hypoplasia
Radialization and radial club hand / Cleft hand reconstruction

Skin and soft tissue

Nail bed and finger tip repair / Management of mucous cyst
Surgical management of hand infections / Repair of ulnar collateral ligament injury
Surgical treatment of Dupuytren's Disease / Upper limb compartment release/fasciotomy
Use of collagenase for Dupuytren's

Tendons

Surgical release of trigger finger / Zone I flexor tendon repair
Zone II flexor tendon repair / Staged tendon reconstruction
Extensor tendon repair / Tendon transfers for tendon ruptures
Reconstruction of central slip

Peripheral nerves

Management of brachial plexus injury / Carpal tunnel release and pronator release
Guyon's canal release and cubital tunnel release
Surgical release of De Quervain's synovitis
Management of peripheral nerve injury including nerve grafts and nerve conduits
Tendon transfers for median nerve palsy
Tendon transfers for ulnar nerve palsy
Tendon transfers for radial nerve palsy
Anterior and posterior interosseous nerve release

Fractures

Phalangeal fracture ORIF inclusive of plate and screw fixation / Phalangeal K wire
Phalangeal ex fixation / Fixation of thumb fractures inclusive of Bennet's and Rolando fractures
Open reduction of PIPJ and MCPJ dislocation
Metacarpal fracture ORIF inclusive of plate and screw fixation
Metacarpal K Wire / Metacarpal Ex fixation / Vascularised bone graft

Arthritis

Arthroplasty of PIPJ and MCPJ / Arthrodesis of IPJ and MCPJ
Rheumatoid surgery – synovectomy / Correction of ulnar radiation deformity
Correction of Swann neck deformity

Wrist

Trapeziectomy / Excision of wrist ganglion

Reconstruction

Digital ray amputation / Homodigital flap reconstruction
Dorsal metacarpal artery (DMCA) perforator flap / Heterodigital flap reconstruction
Dorsal ulnar artery perforator flap / Lateral arm flap / Groin (SCIP) flap
Finger replantation / Toe to hand transfer

Cleft

Cleft lip repair / Cleft palate repair / Velopharyngeal insufficiency (VPI)
Skeletal abnormalities

Craniofacial

Craniofacial clefts / Orthognathic surgery / Reconstruction of hypoplastic mandible
Distraction osteogenesis / Ear reconstruction: Microtia / Cranioplasty / Hypertelorism

Maxillofacial

Open reduction and internal fixation of the face
Fixation of fractures to the nasoethmoid complex and nasal bones
Fixation of zygomaticomaxillary complex / Le Fort fracture fixation
Mandibular fractures / Maxillary fractures / Orbital Fractures

Head and neck

Antero-lateral and anteromedial thigh flap (ALT, AMT) / Radial forearm flap
Free fibula flap / Deltopectoral flap / Forehead flap / Sural nerve harvest
Cross-facial nerve grafting - First stage / Free muscle transfer for facial reanimation
Facial free flap / Supraclavicular flaps / Submental flaps / Pectoralis major flap
Facial nerve palsy / Surgery of the canthus / Local flaps of the head and neck
Tongue/floor of mouth reconstruction / Pharyngoesophageal reconstruction
Mandibular reconstruction / Reconstruction of maxillectomy defects
Management of the difficult "frozen" neck in terms of finding suitable recipient vessels
for microsurgical reconstruction after radiotherapy and previous surgeries
Static facial suspension with fascial/tendon slings / Eyelid tendon suspension
Facial nerve reconstruction with cable nerve grafts
